Re:- S/T "NAESS VENTURER"

Gentlemen:-

We are in receipt of your letter dated February 2nd, 1966, and confirm that subject vessel is under Bareboat Charter to us. However, her name and registration has not changed yet.

Regarding the completion of the General Examination, the vessel is expected to arrive at Rotterdam the early part of March, and as soon as the vessel arrives there, your local surveyors will be notified in writing, in order for them to complete the General Examination, as defined in your letter of January 6th, 1966.

The vessel's ownership will pass to us in Rotterdam and vessel will be renamed the "CAPTAIN GREGOS", under the Liberian Registration.

Very truly yours,

TRANS-OCEAN STEAMSHIP AGENCY, INC.
