Dear Sirs,

m.v. "JOLLY DAYS."
John Lewis's 132.

We refer to your letter of the 4th May last, when you asked us whether there would be any objection for the machinery certificate for the engine supplied and fitted in this vessel being handed direct to the owner, and we confirmed on the 25th May that this would be in order, and asked you kindly to let us have a copy of the certificate.

We have received a letter from Mr. Horlock saying that the certificate of machinery has not yet been received by him, and will be obliged if you will kindly let us know when you will be able to send it to him, at the same time letting us have a copy for our records.

Yours faithfully,
per pro PETTERS LIMITED.
