"HUNG SING". I have to acknowledge receipt of your letter of the 9th ultimo enclosing a copy of one from the Owner's Representative and have to acquaint you that the contents have been duly noted.

In view of the fact, however, that the Owners desire the Society to issue a Loadline Certificate, and that with this in view it will be necessary to submit the vessel to an inspection comparable to a Special Survey, I shall be glad if you will call on the Owners and take the matter up with them again and suggest that as a survey of such nature will require to be held for this purpose they might feel inclined to continue the Classification. I shall be glad to hear the result of your further representations.
