Gentlemen:- M.S. "CHIAPAS"

The M/S CHIAPAS stranded at Barra de Coyuca,
January 13th, 1936, 10:00 PM at night.

Owing to the position of boat she was considered by us as a constructive total loss and was sold by us on May 28th to Messrs. Eladio Fernandez and Fulgencio Escudero of Acapulco.

While we have no definite information on the matter, we understand the vessel is sully sanded in and the probabilities of being floated are very small.

We would suggest that you communicate with Mr. Fernandez or Mr. Escudero at Acapulco for further information on the subject.

Yours very truly,
