For the CHIEF SHIP SURVEYOR and ~~CHIEF ENGINEER SURVEYOR~~

(In cases which have to be submitted to the Classing Committee "the endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report 4, 24/5/12.)

Nature of Survey

When due

GOVERNMENT SERVICE.

This vessel was classed in June 1917, subject to the inner surface of the bottom plating, which is coated with tar and cement, being examined within six months from that time.

Action has been deferred in regard to this matter as the vessel was on Government Service.

The Owners now state the vessel is still under Government requisition, although they hope that she will be returned to them before long.

It is submitted action might be deferred for a short time.
