24th January, 1968.

Dear Sirs,

m.s. "GWANG MING".

With reference to my letter dated the 1st December, last, I shall be glad to learn if you are yet in a position to advise me regarding the arrangements to carry out the Auxiliary Boiler Survey due so long ago as May 1967 and the Annual Classification Survey. I would add that this vessel has not been seen in Drydock by the Society's Surveyors since August 1966.

For the maintenance of the vessel's class with this Society's periodical surveys are required to be held in accordance with the Rule requirements, and I shall be obliged if you will advise me at an early date, for the information of the Committee, whether it is your intention to maintain the Classification of this ship with this Society.

Yours faithfully,

Assistant Classification Manager.
