LONDON

BRISBANE, 7th August 1936

The Secretary,

Sir,

S.S. "BARALABA".

In view of the fact that the Convention Freeboard Certificate for above vessel was dated September 1935, Mr. A. J. McCowan, Principal Surveyor for Australia instructed me, in April last, to carry out the Annual Freeboard Survey for 1936, for which no fee should be charged, at next dry-docking, as Certificates issued under the authority of the Government of the Commonwealth of Australia, only came into force on the 30th March last.

This survey was accordingly carried out on the 30th July last, while vessel in dry-dock (see Form C11(b) attached.)

I am, Sir,

Your Obedient Servant,

SURVEYOR TO LLOYD'S REGISTER.
