

27th October, 1959.

KJAVIK

0, 93 - As recommended.

"GUDMUNDUR JUNI" - As recommended. In view of the satisfactory nature of the General Examination now carried out at your port, the Committee have agreed to postponement of the Special Survey until February, 1960, and I shall be glad if you inform the Owners accordingly.

It is noted, however, that the main and auxiliary machinery has been generally examined, including electrical equipment, but it is observed that a Megger test of the electrical circuits has not been carried out as required by Circular No. 1959, and it is considered in this instance that it may be accepted for six months without further examination.
