"S"

17th March, 1944.

Dear Sirs,

S.S. "GEOLOGIST"  
Greenock P.E. Rpt.No.22603.

With reference to the above mentioned report, it appears from the plans that the length of the double bottom forward (frames 98 to 177) is 177.75' and not 182.75' as reported and that the length of the forecastle in accordance with Circular 1551 is 40', but perhaps you will kindly confirm this.

I am, Dear Sirs,  
Yours faithfully,

The Surveyors,

GREENOCK.

Clerk to the  
Classification Committee.
