Observations, Opinion as to Class, Recommendation, &c.:—
clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon thus, for example:—
"to remain as now classed in the Register Book without fresh record of Survey," "to remain as classed and to have record of" or "to remain as classed and to have record of survey, 1,15, and the notations of ss No. 1-15 and ptND15, &c."
essel is eligible in my opinion to remain as classed, with fresh of survey 7-22.
