Djakarta Report No. 5434

With reference to my letter of the 15th July 1959 and your letter of the 14 May 1959, Classn(S), etc; I am enclosing herewith the First Entry Report 1 on this vessel.

Djakarta Forging Report No. 5360, 10th February 1958, for upper and lower rudder stocks; and a copy of Rotterdam Certificate No. 35497, 11th December 1957, for the windlass, are also enclosed.

The Certificates for the Equipment cannot be found, please see my letter of the 6th July 1959. However the identification marks on the anchors and cables have been located and checked with the Advice notes in the Builders possession and the Inventory Lists in the Owner's possession.

The steel wire ropes and Manilla ropes on board the vessel have also been checked and found to agree with the Advice notes and Inventory Lists.

It is assumed that you have received the Ship and Machinery Plans forwarded with my letters of the 6th and 15th July 1959 respectively.

Yours faithfully,
