LLOYD'S REGISTER OF SHIPPING  
Via Sottoripa, 1A/112  
GENOVA

Dear Sirs,

M.t. "MARISIN M."

With reference to your letters of the 17th April and 17th instant, we regret to inform you that for reasons of internal administration we have been compelled to reconsider the question of the Dual Classification DR/RI of the above ship and we have arrived at the decision to maintain only one Classification which, in our case, can only be that of the Registro Italiano.

As you have recently tested at the Officine Passalacqua, the Fresh Water Coolers and the Main Motor new Cilinder Liners, we wish to inform you that all the above parts were fitted in place at Taranto in February last, at which date also 2 Electric Generators were renewed.

We thank you for the valuable collaboration received from you, and hoping to have the pleasure of dealing with you again in future,

Yours faithfully,

"S P I M A R"
