9th June, 1958.

Dear Sir,

Classn (S)

Motor Tug "HEATH COCK"

DH GK

With reference to Liverpool Report No. 149260, I shall be glad if you will request the Surveyors to confirm that the 90 fathoms of chain cable were supplied and that the 15 fathoms Owners extra shown on the approved Midship Section were not supplied, also that only three water tight bulkheads are fitted and not four as shown on the plans.

The Surveyors should also state, for record purposes, whether fresh water or sea water is the cooling medium for main engine cylinders.

Yours faithfully,

pro Clerk to the
Classification Committee.

The Secretary,
LIVERPOOL.
