An
Lloyds Register of
Shipping Surveyors,
H a m b u r g 1

Mönckebergstr. 27.

Dear Sirs,

We beg to inform you now that, as a result of the recent survey, we should like to have our steamer "BELLATRIX" withdrawn from your Classification.

We had requested you previously to let us know the repairs which were to be carried on the vessel in order to give us as Owners a clear picture of the necessary work and of the expense involved.

Unfortunately it has evolved that, since the vessel is lying again in the ship-building yard of Messrs. H.C. Stülcken & Son, renewed demands for work that has already been carried out have continually been placed. Furthermore, work has been demanded which was completed already last June.

As this way of handling the affairs of the ship seems most injurious to us, we have taken the course which is in our opinion correct and have had a neutral surveyor appointed to examine the work which had been arranged, of the vessel itself and of its engine.

It has been established that at least DM 60.000,-- could have been saved, as well as a further 20.000,-- for cleaning expenses which could have been saved if clear directions had been given.

As this state of affairs is uneconomical and altogether quite impractical in the present state of shipping, we have been obliged to give our vessel over to another Classification Company for the completion of its Classification.

We kindly ask you to return us the boring-results as well as the general plans of the ship.

Yours faithfully

"Orion" Schiffahrts-Gesellschaft
