QUESTION

ANSWER

With reference to my letter of the 19th March and your return of vessels under survey dated the 20th March, I shall be glad if you will confirm that the Auxiliary Boiler Survey, due at the end of last month, will also be carried out before the vessel leaves your port.

It will be noted that the Main Boiler Survey will become due at the end of July and the vessel's class is subject to the screwshaft being again examined by the end of that month.

Date:— 22nd May, 1959

This ship is still laid up in this port and all outstanding surveys, including the Auxiliary Boiler Survey, will be carried out before the ship is being put back into service.
