Dear Sir,

Motorship "HEDDA DAN"

Classn.(S)

DHGK/SJL

With further reference to my letter dated 26th August relating to Baltimore First Entry report No.11679, I have to inform you that the torsional vibration characteristics of the two auxiliary sets have not been submitted for approval.

In the circumstances, it is concluded that the running of these sets has been satisfactory since installation in the vessel, but confirmation of this is desired.

Yours faithfully,

G.C.BAL.CPN.

Deputy Clerk to the  
Classification Committee.

The Secretary,  
NEW YORK.
