Lloyd's Register of Shipping

Port NEW YORK

April 25th, 1947

This is to Certify that I have

Surveyed the Boiler and Machinery of the S.S. "FRANCOIS" 7604
tons gross register of Copenhagen, while vessel afloat, for
part classification survey and repairs,

and that I have transmitted to the Committee of Lloyd's
Register of Shipping, London, a Report stating that all
recommendations made by me in connection therewith have
been carried out to my satisfaction, and that I have

Recommended that the record of LR 4,47

be made in the Register Book in the case of this vessel, when the
survey has been completed and subject to the boiler feed water
systems being altered to comply with the Rule requirements (only
one feed check valve unit exists to each boiler and to a spare
tailshaft and propeller being supplied.

J. Bloomfield

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—
While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly
uted, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances
ever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in
entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of
of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
