"NISSI" - Reverting to my classing letter of the 22nd instant, I shall be glad to learn whether the Steam Pipe Survey was held when this ship was at your port in January/February last. In this connection I would remind you that the deferred reports were in your possession, and that on the reports was a letter dated 11th September, 1959 to the Owners intimating that the Steam Pipe Survey must be held early this year.
