Dear Sir,

Herewith we enclose First Entry Report No. 17703 on the Single Screw Motor Vessel "PORT WAIKATO".

In accordance with the request in your letter of the 2nd May, 1928 the material used in the construction was carefully examined and thicknesses checked.

The surfaces throughout were thoroughly scaled and a number of shell plates also a few angle sections which were found to be affected by wastage have been replaced by new material.

We are, Dear Sir,

Yours faithfully,
