QUESTION

ANSWER

With reference to your memorandum of the 19th November last, I shall be glad to learn if you are yet in a position to let me have any further information regarding the machinery condition of class and the advancement of the Continuous Survey cycle of the machinery.

I take this opportunity to remind you that the Auxiliary Boiler Survey will become due at the end of March.

Date:—

January 21, 1965

This vessel is due to arrive in Saint John at the end of January, 1965 and will be laid up at that time.

The Auxiliary Boiler Safety Valve Chest is in transit from the manufacturers and will be fitted on arrival.

The C.S. cycle will be advanced at that time.
