Dear Sirs,

S.S. "JOSINA"

Before your Report No.534 receives the consideration of the Committee, I shall be glad if you will furnish a Rpt.8 (A) listing the items dealt with for the General Examination.

Your attention is drawn to Instructions to Surveyors, Part 3a, 1963, regarding the items required to be examined for the General Examination, bearing in mind the age of this ship and also Amendment No.16, if applicable.

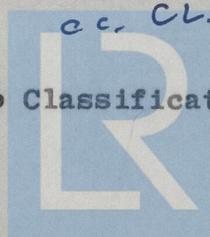

It is concluded that the full requirements of an Annual Classification Survey in accordance with Chapter C.Paragraphs 101-103 of the Rules were complied with although this is not apparent from your entries "good" in parts examined", and I shall be glad to receive your comments in this respect.

It is concluded that the F.P.spaces were also examined but reported in error as "not examined", but your confirmation is desired.

Yours faithfully,
