	<u>£126: 8: 0</u>

Reclassification fee £126:8: 0d. plus 50% = £189:12: 0d.

The Ministry of Transport desire reclassification to be held in abeyance and the recent examination credited towards reclassification if and when charters are arranged.

The Glasgow Office suggest fees amounting to £130:10:0d. for the survey so far as held, but it is usual to quote an inclusive fee for such surveys. It is considered that a suitable fee in this case would be £190 for the full survey and it is submitted that an account should now be rendered to the Ministry for £130, the balance of £60 being charged on completion.
