

21st March, 1952.

My dear Pilditch,

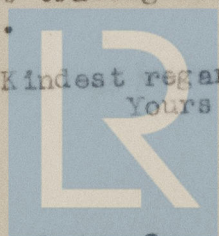

We are rather concerned about the case of the Steamer "SANDHOLM", No. 25617 in the Register Book. If you will refer to Mr. Evans' memorandum of the 25th ultimo you will note that the Owners advise that the vessel is operating from Liverpool where the overdue Boiler Survey was to be held. So far we have no intimation that she has come under survey at Liverpool but it is noticed in the Register Book that the vessel's class is "For service in the Bristol Channel, limiting port seawards Swansea". In these circumstances I shall be glad if you will kindly get in touch with the Owners and let me know what definite arrangements they propose making for the Boiler Survey to take place, and at the same time ascertain whether the vessel is to operate permanently from Liverpool and if so, what trading limits they now desire for the vessel's class.

Kindest regards,

Yours sincerely,

H.G.L. Pilditch, Esq.,

BRISTOL.
