

8th December, 1950.

Dear Mr. Griffith,

Please do not think we have overlooked your letter of the 27th ultimo in the case of the steamer "AUDAX".

There is of course a most important point of principle involved in this case, and the Classing Committee today in expunging the ship's class with a black line, have asked me to report the full facts to the General Committee at their meeting next week.

I shall therefore be writing to you officially after they have considered the case from every angle.

With kindest regards,
Yours sincerely,

A. T. Griffith, Esq.,
GENOA.
