Dear Sir,

"MOONLIGHT".

In reply to London letter (Classn.S) of the 22nd instant, respecting the class of this vessel, the Builders and Owners have been duly informed of the contents of the same.

The Surveyor who carried out this survey was an experienced man - ex B.C. - but it is thought was not too familiar with this Society's Rules and when the alteration in class from LOCAL to LOOA- was mooted, either was not informed by the Builders or had not realised the Committee's requirements in such cases. He certainly did not bring it to my notice or I would have warned him of the implications.

He is now on the Middlesbrough Staff so that the full history of the occurrence cannot be ascertained.

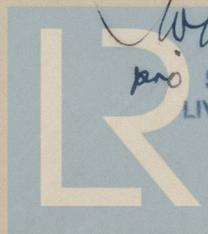

Here

Yours faithfully,

The Secretary,

LIVERPOOL.
