

201, Tower Building,  
Liverpool, 3.

30th August, 1952.

Dear Mr. Cook,

I duly received your letter of the 24th July regarding the case of the Steamer "MOONLIGHT", and an official letter regarding the equipment and the other questions raised is being sent to London to-day.

I return the F.E. Reports which you were good enough to forward and conclude that action thereon will now be deferred pending fitting of the extra cable required to entitle the vessel to the Class 100A-.

With kindest regards,  
Yours sincerely,

*W. H. J. Stevens*

R.N. Cook, Esq.,  
LONDON.
