Dear Sirs,

m.s. "LUCIANO CASTRO"

I enclose a copy of a memorandum dated the 23rd April, which has been received from the Santos Surveyors, and with regard thereto have to say that the Committee have deferred action until the end of next month, when the year of grace for the Special Survey will expire.

It is concluded that the Owners' reference to your survey for the extension of the Special Survey in fact refers to a survey for the extension of the Load Line Certificate (which expired on the 24th February) until the end of May, 1964, but I shall be glad if you will confirm this.

In view of the above, I shall be glad if you will communicate with the Owners and impress upon them that the Committee expect that definite arrangements for the Special Survey to be held in all respects by the end of May, 1964, will be made at an early date, and that no extension of the Load Line Certificate beyond that date can be made without a Load Line Renewal Survey being held.

Yours faithfully,

ce Santos
pro Clerk to the
Classification Committee
