With reference to your Report No.3694, I shall be glad to learn what arrangements are proposed to be made for the Special Survey to be carried out.

ANSWER

*1.5*

Date:— Santos, 23.4.64

Dear Sir,

I am advised by the Owners Office that the ship has been into Rio de Janeiro for a damage docking, and has a further extension on the Special Survey date.

This I questioned, and I am told that the ship is at present in the North of Brazil and is due in Santos in about one month's time, when I can "see" her.

There would appear to be no arrangements made at this time and we have no docking facilities for the next six months.

Yours faithfully,

*C.A. Davies*
