Dear Sirs,

m.v. "KAREEM".

Reference is made to the telephonic conversation the undersigned had with your Mr. J.F. Crawford this morning regarding your letter of 20th October, 1965, advising us for importing anchor chain cables and completion of Continuous Survey of Machinery. We regret to inform you that somehow this letter had been misplaced and we could not confirm the progress made by us so far in this regard.

Immediately on receipt of your above-quoted letter we had placed order for importing 11 lengths of cable from England for which the suppliers had given a delivery period of 4 months, which, we hope, to get in Pakistan some time in February, 1966.

Regarding the Machinery Survey, we intend to dock our vessel in the beginning of next year for which the exact date would be communicated to you with a view to complete the outstanding Machinery items.

Thanking you, we remain,

Yours faithfully,  
for CRESCENT SHIPPING LINES LTD
