CALCUTTA. 16th June, 1953

Dear Sir:

Barges AKRAB & ZOIRA

With reference to the above barges we enclose herewith for cancellation the original Annual Loadline Certificates and Copies No. 36363 and 35961 issued in August and October 1952 and it is requested that an amended certificate be now issued with regard to the Zohra, this vessel having been completed with the exception of the endorsing of the anchor and cable Certificates, these the Owners state have been mislaid and request that new certificates be issued, the numbers being as follows:-

Bower Anchors (LPH Cradley Heath) 69826, 69825, 69828  
& 69822

Chain Cables (LPH Cradley Heath) 83431, 83636, 82635

It is regretted that these vessels were not completed according to program but considerable trouble has been experienced with the testing of decks, bulkheads and tanks since their arrival at Calcutta for docking and testing. The Akrab is still under construction and it is hoped that completion will be in August, 1953.

Yours faithfully,

(signed)
