I have surveyed the above-named ship in accordance with the Rules for fitting of Additional Storm Valve.

An additional 2" gun metal storm valve now fitted at shell, 2'-10" below freeboard deck between frames 19/20 starboard side discharging overboard from Poop Accommodation.

All work tested on complete and found satisfactory  
Report C11(continued) issued to ship.

I declare that the items detailed in this report (except as stated otherwise) comply with the requirements of the Merchant Shipping (Cargo Ship Construction and Survey) Rules 1965, applicable to this ship, and are in all respects satisfactory for the service on which the ship is intended to ply namely International voyages/voyages within the limits

(The above declaration applies only to sea-going cargo ships of 500 tons gross and above registered in the U.K.)

The items now surveyed are detailed on this report. All were found or placed in good condition unless otherwise stated. I recommend, therefore, that this ship remain as classed ~~with~~ without fresh record of dry docking. subject to all conditions of class being dealt with as previously recommended.

(Where conditions of class are recommended to be retained, imposed, amended or deleted, particulars must be stated above and on the interim certificate.)
