Dear Sir,

I am in receipt of your favor of the 16th inst; and note contents. The indentations on Keel Plates in the bottom of the steamship "Ripplingham Grange" are very slight and as we have very little time this voyage we do not propose to deal with these Keel Plates until the vessel's return again to the U.K. She will be in drydock at Newport in about a week from the present date and I will call your Surveyor's attention to them there, in order that he may be satisfied that the vessel is in a fit condition to proceed to Australia and back.

Yours faithfully,

Goseland K. Theudig
