

S.

30th June, 1881.

Dear Sirs,

With reference to the Survey which has been recently held by the Society's Surveyors on the machinery of the Steamer "SCALE FORCE", which is understood to have recently become your property, I shall feel obliged if you will kindly let me know for the information of the Committee, within what time you expect the new boiler which has been ordered for the vessel, to be placed on board, and the remaining requirements of the Special Survey of the vessel carried out.

I am, Dear Sirs,

Yours faithfully,

Messrs. R. Williamson & Son,  
Workington.
