26th February 1908.

Gentlemen,

With reference to your report No.9744 on the steamer "DERWENT", I have to draw your attention to the diminution in the thickness which appears to have taken place in the first strake below the sheerstrake forward, and with regard thereto I have to request that you will state whether you did not consider it necessary for any repairs to be effected or compensation to be made.

I am, Gentlemen,

Your obedient Servant,

Secretary

The Surveyors,

BARRY.
