Periodical Surveys, when held, must be reported in detail and serially in the terms of the Rules. State clearly the cause of Repairs, if any, and, in detail, the nature and extent of Examinations and subsequent Repairs. Repairs on account of Damage (the cause of which must be stated) should be separated from Repairs due to other causes; and besides being detailed in the body of the report, should be summarised in the form shown below. Whenever the replacement of Anchors, Chains, or Hawsers is reported, the particulars of weight or size and test of the articles should be clearly stated, and also the weight or size, &c., required by the Rules, together with the vessel's Equipment Letter, if any. State also the dates and initials of any letters respecting this case.

REPAIRS, OR EXAMINATION AS PER RULE, FOR Part S. S. No. 1 in Glasgow Reports 18496 & 13863.

This vessel has been placed in dry dock the bottom cleaned, examined, and recoated. Fore cross bunker cleared, ceiling in excess of requirements removed in way of same and examination made; Engine & Boiler space examined, examination made of waste space & rigging (doubling fitted at wedging) also in large letter. The side plating and framing in fore cross bunker sealed and recoated, four frames on each side between hold stinger and tween deck fitted with back angles to reverse frames, cement repaired. A few reverse frames and top angles to side between under butlers require renewal or repairs; the owners were unable to do this at present but have promised to attend to this and complete survey which will be to examine test midships ballast-tanks on return from present voyage which will be in about three months time.

General Observations, Opinion as to Class, Recommendation, &c.:

State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon this survey, thus, for example:—"to remain as now classed in the Register Book without fresh record of Survey," "to remain as classed and to have record of survey, 9,91," or "to remain as classed and to have record of survey, 9,91, and the notations of ss No. 1-91 and ptND91, &c."

This vessel is in my opinion eligible to remain as classed without fresh record of survey
