

crew steam trawler No.191, building by Messrs.Cochrane & Cooper,  
everley, to class 100A1, "Steam Trawler".

The Rules require 90 fathoms of 15/16" chain cable,  
weighing 43 cwt. 2 qrs. 13 lbs.

The total weight of the 90 fathoms of 15/16" cables  
applied is 43 cwt. 0 qrs. 20 lbs., being 1 qr. 21 lbs., or one  
per cent less than the required weight.

It is submitted that in view of the slight deficiency in  
weight, the chain cables supplied might be approved in this instance.
