

Yard No. 99

Violier (P.S.)
Lloyd Report No. 2948

The original section for this vessel
as approved by the Committee in letter dated
March 18703 was sent to Messrs. Alloups to note
the proposed alterations in Red and to be
returned to this Office but by some means
they have mislaid it or lost the same

I have no doubt of the copy now supplied
by the Builders being correct having compared
it with my notes corrected as approved by the
Committee
