Dear Sir,

With reference to your letter of the 4th instant, respecting the classification with this Society of the steamers "COUNTESS OF LATHOM" & "COUNTESS OF ZETLAND", I beg to acquaint you that the General Committee had the cases of these vessels again under consideration at their meeting this day, and I am directed to state that under the special circumstances action has been deferred, as requested by you; but that unless the overdue surveys be completed before the reprinting of the Register Book in May next, the characters of these steamers will then be omitted.

At the same time, I have to request that in the event of the vessels being offered for sale, you will inform any intending purchasers of the conditions as regards their classification in the Register Book, and I shall be glad to have your assurance that this will be done.

I am, Dear Sir,

Yours faithfully,

M. McIntyre Esq.
