29th November, 1892.

Dear Sirs,

I am directed to acquaint you that the Committee of this Society have had before them reports from the Society's Surveyors here on your steamers "COUNTESS OF LATHOM" & "COUNTESS OF ZETLAND", from which it appears that with the exception of the examination of the bottom in dry dock in each case, none of the requirements of the Special Survey No.1 required by the Rules have yet been complied with.

As the survey in question is now more than 12 months overdue in each case, I have to request that you will kindly state for the Committee's information in dealing with the classes of these vessels, what steps you propose to take with a view to carrying out the remaining requirements without delay.

I am, Dear Sirs,

Yours faithfully,

Secretary.
