The Surveyor to Lloyds.

Hull

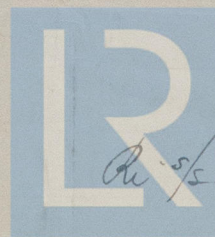

Dear Sir,

In further reference to the sea mountings of the S.S. "Montebello," we regret that in the case of the blow off cock, we omitted to fit the usual cover plate as required by your rules, but will take the first opportunity of the ship being in dock to have it fitted & trust that the same will be in order, & will notify your Surveyors that they may see the same when completed.

We are Dear Sir  
Yours faithfully  
Amos & Smith
