Dear Sirs,

We are making $27\frac{1}{6}$ " and $29\frac{1}{6}$ " Cables.
In each case we are using iron $\frac{1}{16}$ " full. All the
End links enlarged links. Shackles & fittings are
fully to Admiralty proportions. The links are for
one size larger than the nominal ^{and} of these cables
and in that we cannot keep these cables to your
Table 22. List of weights.

You might instruct your agent here
to verify these facts. and we request that
seeing we have done everything right and proper
to be done for specimens with these cables they
may be accepted by you. even if the specified
weight be not reached. Yours truly
