

Messrs. Swan, Hunter & Wigham Richardson's
S.S. "INGELI".

Amended sketches showing arrangement of cargo doors
submitted by Mr. Isherwood.

It is submitted the Surveyor be informed
that in view of the fact that the cargo door is partly
below the water line when the vessel is loaded, it is
considered necessary that one strongback should be fitted
across the centre of each door in addition to the clips
the shelf plates be fitted as proposed by the Surveyor
proposed, and provided the arrangements be carried out
as shown and amended on the sketch and to the satisfaction
of the Surveyors, the same will merit approval.
