

Kings-end-Dock
Dublin
Sept 2/72

George B. Sutherland Esq.

Dear Sir

Having purchased

the Marguerite Joan Guntho of
Aberswyth 29 tons regt
built at Sunderland in
1863 the then Class At 9 years
please to inform ^{me} what I must
do to get her Adv'd to a 10 year
ship Class - so as to get her
Class for At 7 years - I have all
ready given her new Foremast
new Yards & for new Patent
bunch with sundry other
repairs I find she is Copper
fastened up to the deck beam-
not see how she was not
Class At 11 years when new
please to give an advise

which way I can obtain the Object I set in
view, I find several vessels have obtained
the Adv'd from 9 to 10 years. I can Guntho
is a real good ship I can assure you
and will bear inspection you can rely
will oblige her cargo delivery here from
Port Rio is in real good condition ship
perfectly tight, I am Sir

Yours Obedt Servt
D. Lewis

280 "Joan Cullis" 298 Tons, Ireland.

1863 — 9. 11. 2. 68

Referring to the original Report
it is found this vessel has
a portion of Red pine — 8 years
material — in the ceiling. She
is consequently not entitled
by Amended Table A to a
higher class than she has at
present, as J.A. 1860
