Dear Sirs,

M.

With reference to Mr. Mackirdy's First Entry Report No. 8046 on the Single Screw Steamer "AGUILA",

I have to request that he will state whether:-

1. a web frame has been fitted on frame No. 106,
2. the web frames on frames 141 & 144 are 30 inches deep and not 18" as stated,
3. the sheerstrake has been doubled at the break as required, and
4. if five watertight bulkheads were fitted as shown on the approved plans, or six as would appear to be the case from his report.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

DUNDEE.
