AIR LETTER FORM.

2nd March, 1949.

s.s. "BOMBO" - Capsized and sank off Wollongong, New South Wales, on 22nd February, 1949.

Dear Sirs,

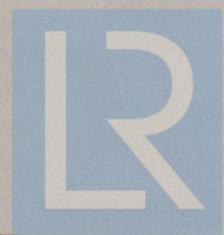

With reference to the classification in the Society's Register Book, and to the casualty which is reported to have occurred in the case of the above-named vessel, I beg to acquaint you that the question of inserting a record of the circumstances against the vessel's name in the Register Book will come under the Committee's consideration on the 1st proximo, and in the event of such a record being made, the vessel's class will, in the ordinary course of similar cases, be expunged from the Register Book at the same time.

If, however, you are aware of any circumstances which may render it desirable that the Committee should defer taking the steps above described, I shall be glad if you will kindly communicate with me by return of post.

Yours faithfully,

pro Secretary.

State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notation of the vessel in the Register Book this survey, thus, for example:— "to remain as classed in the Register Book without fresh record of Survey," "to remain as classed and to have record of survey, 1.38," or "to remain as classed and to have record of survey, 1.38, and the notations of ss No. 1-38."

This vessel, as far as seen, is now in good condition, eligible in my opinion as classed...
