The Surveyors,
Lloyd's Register of Ship-
ping, BELFAST.

Dear Sirs,

No. 1354.

WMB
With reference to your letter of 30th August, returning plans of sternframe, boss arms and rudder for the above vessel, duly approved as amended, we regret that the modification to the rudder coupling cannot be carried out, and we send you herewith three prints of plan showing section through rudder coupling, from which you will see the method of releasing the coupling.

We therefore propose making the radius 5", and we shall be glad to know that this has your approval.

Yours faithfully,
For HARLAND AND WOLFF, LIMITED,

As 39.
