

T. S.S. "Robert Dollar" ex "Kursland"

This vessel was built at Geestemünde in 1920
& classed with the Germanische Lloyd

The Leith Surveyors report that the
machinery & boilers have been opened
up & examined & found in good
condition Both screw shafts have been
seen & the survey completed except
the boiler mountings on the three
after boilers & the Bilge pumping
arrangements in the holds.

The Surveyors state that the survey
will be completed on the vessels
arrival at New York.

It is submitted that action be deferred
& the New York Surveyors advised.
