"MARTIN CARL" (Austin's Yard 389)

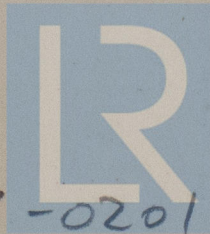

Dear Miss Beard,

Very many thanks for clearing up the mystery of Lister's Engine No.60/29231 on the telephone yesterday. I passed the information you gave me on to the Engineer Surveyor concerned with the above case. I might add however, that it would be appreciated if your Surveyor would confirm the facts in writing, and at the same time quote our letter of the 26th October last.

With kindest regards,  
Yours faithfully,

*Shull*

Miss M. Beard,  
BRISTOL.
