

COPY.

17th March, 1925.

Dear Sir James,

You will be interested to know that in connexion with the decision arrived at at the Meeting of the Special General Committee on the subject of the record of date of build of vessels in the Society's Register Book, the cases of the two steamers "BUCKLEIGH" and "CHUMLEIGH" have been reviewed with others, and that it has been decided to amend the date of build in these cases to January, 1925, the date given on the first entry reports of the vessels as that of the last date of survey during construction.

I should add that I have had the pleasure of writing to Lord Glanely to-day to the above effect.

Yours faithfully,

Sir James Marr, Bart., C.B.E.
