With reference to Genoa First Entry Report N°10233

on the engine of the above vessel, we beg to acquaint you that the fees and expenses entered therein and amounting to Lit.2600 and Lit.750, respectively, are in connection with the survey during the fitting on board of the new engine . - The blue form showing these two amounts has been handed over to the Registro Italiano and a copy will be forwarded on to you when returned to this Office . -

As regards to the fee and expenses for the survey during the construction of the motor in question, we have to say that the same were charged as per copy of the blue form enclosed . - The amount credited to us by the Registro Italiano was duly paid to us in December 1927, as it appears from our Account of monies received during that month (a/c.4) . -

We wish to point out that the Engine N° should be 1343 instead of 1342, as indicated in the above report, and we shall be glad if you will have the necessary alteration made accordingly. -
